Subject: RE: Ringwood, OU2, Final Remedial Design Documents

Joe – Please be advised that the Borough was not provided with the “final remedial design documents” for our review and input prior to Ford’s submission of same to you via Gary’s email below. The Borough will review this submission (including the revised figures and drawings, particularly the ones which pertain to the Contingency Remedy for OCDA) and will provide our comments to you as soon as we can. Therefore, unlike prior submissions made to EPA since the Borough and Ford reached a partial settlement to work together on CERCLA deliverables in 2012, please know that pending the Borough’s review and comments, the Borough has not approved of the “final remedial design documents” as submitted by Ford. Please let me know if you have any comments. Thank you, Wanda
